## How to write a WORD MANDALA

- O Start by drawing THREE circles with equal space between them.

  Try to limit the empty space around your words.
- O Draw a line from the center of the inner circle to the top of the outer circle. You will erase this line later.
- O Begin writing your 100 words from your Universe of Language handout, starting at the line in the inner circle, and go clockwise. Join all the words without spaces. You can create patterns in the mandala by using different colors for each word or circle.
- O Add circles as needed in order to include all 100 words. Make sure your last word fits neatly into the last ring.

## REQUIREMENTS FOR FULL CREDIT:

- 1. All 100 words from your Universe of Language chart must be used and written in different colors (use colored pencils or fine-tipped markers).
- 2. All words must be spelled correctly and written neatly, following all directions listed above.
- 3. Final copy should be done on white printer paper. Erase any pencil marks.

This assignment is worth 100 points. See examples in the classroom and online in the information PDF file.
